Rejuvenate MedSpa
755 Heritage Road
Golden, CO 80401

Dear Hiring Team:

RE: Patient Advocate, Front Desk

I would love to be the warm, professional first face your patients see at Rejuvenate MedSpa. I live two blocks away, I have real customer-service experience in fast-paced settings, and my goal is to become a medical assistant at a medical spa, so this role is exactly where I am headed. I am completing my Medical Assistant certificate at Red Rocks Community College, so I understand how important patient privacy and careful, professional service are. I care about health and wellness in my own life and take pride in a polished, professional presentation, so the aesthetics world feels like a natural fit for me.

At Life Time in Golden, a premium health and wellness club, I greet and help members all day, take and fill orders quickly, process payment transactions, and stay calm and friendly when it is busy. Our members are health- and beauty-focused, the same clientele your patients are, so I am comfortable and warm with exactly this audience. I am organized, detail-focused, and I take pride in a clean, welcoming space.

I would be glad to bring warmth and reliability to your front desk, and I am also happy to help wherever else you need me, whether that is turning over and cleaning rooms, assisting with treatments, or other support. I can travel between your Golden and Cherry Creek locations. Thank you for considering me, and I would welcome the chance to meet.

Sincerely,

Jillian Shivnani
